

# MATHEMATICS TEACHER

## JOB DESCRIPTION

REPORTS TO: Head of School

SPECIFIC FOCUS: Upper School Mathematics, 7<sup>th</sup> – 12<sup>th</sup> grade

### POSITION DETAILS:

- Hours - Full-time or part-time (as applicable)
- Salary commensurate with experience and qualifications
- Benefits available for full-time and part-time positions

### QUALIFICATIONS:

- A personal, active faith in Jesus Christ and a commitment to Christian discipleship.
- Agreement with the school's Doctrinal Statement and commitment to classical Christian education.
- Bachelor's degree in Mathematics or a related field (master's degree preferred).
- Teaching experience at the Logic and/or Rhetoric school level preferred.
- Familiarity with classical pedagogy and ACCS standards (or willingness to learn).
- Strong classroom management skills and a heart for shepherding students.
- Ability to communicate complex mathematical concepts clearly and effectively.

### PRIMARY RESPONSIBILITIES:

- Teach middle and high school mathematics courses (such as Pre-Algebra, Algebra II, Geometry, Pre-Calc, Business Math, etc.) using a classical, mastery-based approach.
- Integrate biblical truth and Christian worldview into instruction, helping students see mathematics as an ordered, logical reflection of God's creation.
- Prepare lesson plans that emphasize clear explanation, guided practice, and thoughtful assessment.
- Assess student learning through tests, quizzes, homework, and projects, providing timely and constructive feedback.
- Maintain an orderly, respectful, and engaging classroom environment that fosters diligence, humility, and perseverance.
- Collaborate with colleagues to support curriculum alignment and school-wide academic goals.
- Communicate effectively with parents regarding student progress and expectations.
- Participate in faculty meetings, professional development, and school events as required.
- Uphold and model the school's statement of faith, philosophy of education, and code of conduct.
